

IMPLANTES INMEDIATOS EN LA ZONA ESTETICA

LECT
San Diego

DR MULTIADIS LAGOUDIS

- member of the Academy of Osseointegration (AO)
- Diplomate of the International Congress of Oral Implantologists (ICOI)
- Esthetics, Digital Dentistry, Surgical, and Restorative Implant Dentistry

In this presentation Dr. Lagoudis will analyze the importance of the diagnosis and classification of the extraction sockets in order to be able to judge when a clinician can place an implant at the time of the tooth extraction. In addition, the surgical and restorative protocols will be revised in order to be able to master the procedure, achieve excellence, and face different challenges.
